

WaterSmart Home Kit Program

Make your home water efficient... for FREE!

Eligible residents may qualify to pick-up a kit filled with a variety of water conservation and leak detection items* for their home, free of charge.

*Conservation and leak detection items shown on next page.

How do I find out if I qualify?

- Participation is limited on a first come, first served basis to qualifying residents.
- Participants must reside within a designated area of the Upper District's service area. Call the toll-free number listed or visit www.upperdistrict.org/wshkit to find out if your address might qualify
- Once a resident is pre-qualified, a date will be scheduled for the resident to pick up the kit from Upper District.

For more information call:
(866) 308-8391
or visit:
